**POSLAM QUICKLY
CLEARS THE SKIN**

Heals Aggravating Affections, Cause
ing Them to Disappear.

Broken-out skin is unpleasant to see,
distressing to endure. There should be
on your medicine shelf a remedy for
this above all physical disorders.
When it comes to a choice accept nothing
less efficient than Poslam.

Try Poslam; compare it. Know the
intensity of its healing power, the
rapidity of its action. And it can serve
you in many ways; from clearing an
inflamed complexion overnight to
eradicating eczema, acne and stub-
born diseases.

Poslam Soap is doubly agreeable,
doubly beneficial for the skin, because
medicated with Poslam.

employers.

Third, the maintenance of a small
staff of experienced investigators to se-
cure the facts regarding labor condi-
tions and industrial disputes, and an
effective organization to give the facts
the widest possible circulation.

**LEAGUE ARRANGES
COUNTY MEETING**

Persons Interested in Matter of Agri-
culturist Will Gather at Court
House Jan. 25.

At suggestion of the Coe Township
Improvement league, various organi-
zations of farmers of Rock Island
county have arranged for a meeting of
all persons interested in the improve-
ment of farm conditions, and espe-
cially the matter of a county agricul-
turist, to be held at the courthouse in
Rock Island, Tuesday, Jan. 25, at
12:30 noon.

Subscription lists seeking pledges to
apply on the salary of such county
worker have been circulated through-
out the county with very encouraging
results, and this meeting is called to
complete all preliminary work and ef-
fect a county organization.

**REV. HULT ENTERS ON
DUTIES AT COLLEGE**

Rev. Adolph Hult began his work at
Augustana, in the theological semin-
ary this week. Though the students
are sorry to lose such an earnest
worker as Dr. Nils Forsander, who
for 26 years has labored at the local
school, they are indeed glad to wel-
come Rev. Hult back to Augustana,
for it was in Rock Island at the Augus-
tana college that he received his
academic training. A graduate of the
academy college and seminary of the
local school, he is indeed an Augus-
tana man. For the past few years he
has had charge of a Swedish congre-
gation in Omaha, and he will teach
these subjects in his present capacity:
Church history, biblical theology, sym-
bolics, pastoral theology and propae-
deutics.

Stove Company Elects.

At the annual meeting of the stock-
holders of the Rock Island Stove com-
pany Wednesday, A. W. Mitchell and
E. V. Coulston were added to the board
of directors. The directors met later
and named the following officers:
president, Frank Mixer; vice presi-
dents, Phil Mitchell and A. D. Sperry;
secretary, E. V. Coulston; treasurer,
C. K. Mixer. Representatives of the
company from 10 states have been in
the city since Monday outlining the
work for the coming year.

**CLOCKS AFFECTED
IN COLD WEATHER**

Low Temperature Causes Oil to Be-
come Sticky and Dry Up, Cause
ing Timepieces to Stop.

If your \$1.69 alarm clock fails to
explode these cold mornings and you
awaken to find that it has stopped and
you are couple of hours behind sched-
ule in getting up, don't heap curses
on the timepiece. It probably is no
worse than the \$25 hall clock, for you
may find that it, too, has stopped.

Cold weather is the cause. Local
jewelers report notable increases in
clock repairing work incident to the
period of low temperature of the last
few days.

"We always find more clock repair-
ing to be done during a cold spell such
as we are having now," a Rock Island
jeweler said. "The work increases
from a third more to double. The
trouble is due to the oil becoming
sticky and drying out in most cases.
Low temperature causes the lubricant
to become sticky quickly.

"Of course not all the grief in cold
weather is due to oil. In some cases
the contraction of the metal in the
works, which is induced by a drop in
the temperature, causes the timepieces
to stop.

"Another feature in connection with
it is that quality of the clock makes
little difference in this respect. High
priced clocks are affected just the
same as the alarm clocks and lower
priced timepieces."

The jeweler advised that clocks be
placed in a room where an even tem-
perature is kept.

**DR. BECK SPEAKS AT
MEETING OF MEDICS**

The winter meeting of the Iowa and
Illinois Central District Medical as-
sociation was held last night at the
Blackhawk hotel in Davenport. A
lunch was served following the pro-
gram. The feature was an address by
Dr. Emil Beck, Chicago, who spoke
on "Technical Point in the Applica-
tion of Bismuth Paste in the Treat-
ment of Suppuration." Illustrated with
lantern slides. Other papers given were
as follows: K. H. Struck, Davenport,
"Lymphangitis"; B. B. Fitz Jerrell,
Geneseo, "Otitis Media"; W. H. Ren-
dieman, Davenport, "Anaphylaxis."

**FORMER LOCAL MAN
IN ARMY OF ALLIES**

E. B. White, who has a wide ac-
quaintance here, having formerly been
a steward in the hospital corps at
Rock Island arsenal, is fighting with
the allies in France, according to a
letter received from him by L. M. Tif-
terington, 1511 1/2 Third avenue.

"The good old U. S. A. looks good to
me and as soon as I can get out of

here I'm going back," he wrote. He
was stationed at the arsenal until last
spring, when he was transferred to
Plattsburg, N. Y., which is situated
near the Canadian border. During the
summer he bought his way out of the
United States army and enlisted with
Canadian troops. He is a Spanish
war veteran and attended many of the
meetings of Siboney Bay camp of this
city while he was stationed at the ar-
senal.

**THIRTEEN BELOW IS
LOWEST LAST NIGHT**

Thirteen below zero is the lowest
the thermometer registered at the lo-
cal government weather bureau since
non yesterday. That was at 5 o'clock
this morning. Mercury hovered near
12 and 11 below throughout the great-
er part of the night. At 2 o'clock yes-
terday afternoon it was 10 below, the
highest yesterday. Up to 8 o'clock this
morning the thermometer had regis-
tered below zero for a period of 36
hours.

Rising temperature with the lowest
near zero is promised in the forecast
of the local weather bureau, which is
as follows: "Fair tonight and Satur-
day, increasing cloudiness. Rising
temperature with the lowest tonight
slightly below zero."

EAST MOLINE

Mrs. Victor Van Tiegham, Tenth
avenue and Thirteenth street, is con-
fined to her bed by a very severe
sprained knee, which she received in
a fall on the icy walk at her home.

Frank Calewaerts is constructing a
house on Sixth street in Silvis for
Camel Luthaeghe.

A number of young people from East
Moline attended the dance at Rapids
City last Saturday evening.

Mr. and Mrs. Frank DeWolf have
returned from a visit with Mr. De-
Wolf's parents in Kewanee.

Charles DeMayer, who has been
confined to his bed for the past five
weeks, is now able to be out.

Valentine Van Eckhout, a farmer
living near Hampton, has established
a dairy.

The Rock Island Brewing company is
filling its East Moline ice house
with 14-inch ice taken from the slough
near Watertown.

A son was born to Mr. and Mrs.
Victor Hasebroeck of Twelfth avenue and
Thirteenth street.

To Overcome Eczema

Never mind how often you have tried
and failed, you can stop burning, itching
eczema quickly by applying a little zemo
furnished by any druggist for 25c. Extra
large bottle, \$1.00. Healing begins the
moment zemo is applied. In a short time
usually every trace of pimples, black
heads, rash, eczema, tetter and similar
skin diseases will be removed.

For clearing the skin and making it
vigorously healthy, zemo is an exceptional
remedy. It is not greasy, sticky or
watery and it does not stain. When
others fail it is the one dependable treat-
ment for all skin troubles.
Zemo, Cleveland.

J. Lema is building a new home on
the corner of Seventeenth street and
Fourteenth avenue.

Henry DeDoncker, who broke his

arm in a fall at his home six weeks
ago, expects to return to his work at
the Malleable Iron works with the
next few days.

A number of Belgians have filed ap-
plications for their second citizenship
papers for a hearing at the May term
of court.
